

11TH
INTERNATIONAL
SYMPOSIUM
ON UVEITIS

ISU2026
09-11 July | Tübingen
Germany

PROGRAMME

18
CME
Credits

Conference Venue

Kino Museum, Am Stadtgraben 2, 72070 Tübingen

Organised by

Universitätsklinikum
Tübingen

Welcome to
Tübingen, Germany

INTERNATIONAL SYMPOSIUM ON UVEITIS – VENUE
Kino Museum, Am Stadtgraben 2, 72070 Tübingen, Germany

Organised by

Universitätsklinikum
Tübingen

SCIENTIFIC PROGRAMME

- ☛ **Session 1:** Symposium A :Embracing Modern Technology in Uveitis Management
- ☛ **Session 2:** IUSG Plenary Session 1: Vasculitis, Leakage and Vasculopathy: Spot the Difference
- ☛ **Session 3:** What's New? IUSG Free Papers Session
- ☛ **Session 4:** Symposium B : Embracing Modern Therapeutics in Non-Infectious Uveitis Management

SCIENTIFIC PROGRAMME

- ☛ **Session 5:** Symposium C: Not the Usual Stuff – Uveitis Curveballs to Watch Out For
- ☛ **Session 6:** IUSG Award Session
- ☛ **Session 7:** IUSG Plenary Session 2 : Multimodal Imaging in Uveitis (MUV): What we learnt
- ☛ **Session 8:** Symposium D : Paediatric Uveitis Unplugged: Genes, Journeys & Juvenile Challenge
- ☛ **Session 9:** Debates 1: Hot Topics

SCIENTIFIC PROGRAMME

- ☛ **Session 10:** Case Conference: The puzzles we face: Stories of complexity and clarity
- ☛ **Session 11:** Rapid Fire Session
- ☛ **Session 12:** Debates 2: Hot Topics
- ☛ **Session 13:** Symposium E : Diagnostic Dilemmas and Therapeutic Tensions in Infectious Uveitis

E-POSTERS

SOCIAL EVENTS

- ☛ **Opening Ceremony / Welcome Reception** Day -1 (9th July)
- ☛ **Congress Dinner** Day -2 (10th July)
- ☛ **Excursion** Day -3 (11th July)

Exhibitors / Sponsors

SCIENTIFIC PROGRAMME

REGISTRATION

07:00 onwards

SESSION 1

08:00 - 10:00

Symposium A: Embracing Modern Technology in Uveitis Management

Moderators : Hiroshi Keino, Michal Kramer

08:00 - 08:10 **From Symptoms to SNPs: When to Consider Genetic Testing in Uveitis**
Claudia Fabiani

08:10 - 08:20 **Infection and Immunity: A Delicate Dance with Clinical Consequences**
Gerhild Wildner

08:20 - 08:30 **Inflammasomes in the pathogenesis of Uveitis**
Shengping Hou

08:30 - 08:40 **NGS and Omics: Hype or Hope in Clinical Decision Making?**
Thuy Doan

08:40 - 08:50 **Tracing the cause of Birdshot Uveitis with Multi-Omics**
Jonas Kuiper

08:50 - 09:00 **Gut Feelings: Exploring Diet, Microbiome, and Uveitis**
Ines Leal

09:00 - 09:10 **The Effect of Pollution on Uveitis**
Peizeng Yang

09:10 - 09:20 **Autoantigens in Uveitis and their implications**
Lucia Kuffova

09:20 - 09:30 **Aqueous humor Analysis for biologic therapy selection**
Ahmed Abu El-Asrar

09:30 - 10:00 **Panel Discussion : Immunology, Omics and Uveitis: Way to Precision Medicine?**

Moderator : Lucia Sobrin

Panelists : Joke De Boer, Lyndell L. Lim, Jolanda D.F. de Groot-Mijnes,
Shengping Hou, Jonas Kuiper, Soumyava Basu

10:00 - 10:15 **Gold Sponsor Mini symposium: Kodiak**
KSI-101, a Bispecific Intravitreal Biologic Targeting IL-6 and VEGF for the Treatment of Macular Edema Secondary to Inflammation (MESI): Phase 1b Results and Ongoing Phase 3 Studies
Edmund Tsui, MD, Yih-Shiou Hwang, MD

10:15 - 10:45 **REFRESHMENT BREAK + POSTERS**

IUSG Plenary Session 1 : Vasculitis, Leakage and Vasculopathy: Spot the Difference

Moderators : James T Rosenbaum, Vishali Gupta

10:45 - 10:55 **Systematic Review of Retinal Vasculitis: The Lacunae and heterogeneity**
Carlos Humberto Cifuentes González

10:55 - 11:05 **Unmasking Retinal Vasculitis: What is not right?**
Janet L. Davis

11:05 - 11:15 **Systemic Vasculitis & the Eye: A Dangerous Liaison**
Jörg Henes

11:15 - 11:25 **Line in the Sand: Is Retinal Vasculitis an independent diagnosis or part of Intermediate and Posterior Uveitis**
Douglas A. Jabs

11:25 - 11:35 **High Resolution OCT insights into Retinal Vasculitis**
Alessandro Invernizzi

11:35 - 11:45 **ReVise: Defining Retinal Vasculitis, leakage and vasculopathies**
James T. Rosenbaum

11:45 - 11:55 **Quantification of Retinal Vasculitis: The Way Forward**
Maria Vittoria Cicinelli

11:55 - 12:25 Panel Discussion : Retinal Vasculitis: Lacunae and Challenges

Moderator : Ilknur Tugal-Tutkun

Panelists : Moncef Khairallah, Jennifer E. Thorne, Elisabetta Miserochi, Jyotirmay Biswas, Marc de Smet

12:25 – 13:30 LUNCH

What's New? IUSG Free Papers Session (6 min presentation + 2 min discussion)

Moderators : Deshka Doycheva, Masaru Takeuchi

- 13:30 - 13:38 **Uveitis activity and visual acuity after the first year – A TOFU registry report**
Carsten Heinz
- 13:38 - 13:46 **Pentraxin 3 is a Novel Inflammatory Marker of HLA-B27- associated Uveitis**
Ahmed Abu El-Asrar
- 13:46 - 13:54 **Post-Surgical Uveitis Risk: Insights from a Case-Control Study**
Ahmed Sallam
- 13:54 - 14:02 **Acute Posterior Multifocal Placoid Pigment Epitheliopathy Spectrum on Multimodal Imaging: A Severity-Driven Ischemic Continuum**
Luca De Simone
- 14:02 - 14:10 **Evaluation of factors affecting long-term visual outcome in uveitis using categorical data analysis program**
Nobuyoshi Kitaichi
- 14:10 - 14:18 **Automated segmentation of serous retinal detachments in Vogt-Koyanagi-Harada disease**
Ines Leal
- 14:18 - 14:26 **Tumor Necrosis Factor Inhibitor Therapy Versus Conventional Immunosuppression for Noninfectious Uveitis: Cataract Incidence**
Ninani Kombo
- 14:26 - 14:34
- 14:34 - 14:42 **Adalimumab Biosimilars Compared to Originator: Impact on Uveitic Macular Edema**
Yael Sharon
- 14:42 - 14:50 **Advancement in Uveitic Glaucoma: Knowledge, Practice and Outlook**
Meghan Berkenstock
- 14:50 - 14:58 **Capsaicin aggravates uveitis by altering gut microbiota and tryptophan metabolism**
Xiaoli Liu
- 14:58 - 15:06 **Widefield Optical Coherence Tomography Angiography Assessment of Anterior and Posterior Segment Vascular Changes in Takayasu Arteritis**
Sibel Kadayifcilar
- 15:06 - 15:14 **Transcriptomic Profiling of peripheral blood lymphocytes in Vogt-Koyanagi-Harada and Behcets disease**
Jyotirmay Biswas
- 15:14 - 15:22 **Efficacy and safety of Vamikibart in patients with Uveitic Macular edema: First report of pooled Phase 3 MEERKAT and SANDCAT Trials**
Lyndell Lim
- 15:22 - 15:30 **Acute Aggressive Posterior Necrotizing Retinitis: Re-evaluating Progressive Outer Necrosis?**
Mudit Tyagi

15:30– 16:00 REFRESHMENT BREAK + POSTERS

Symposium B : Embracing Modern Therapeutics in Non-Infectious Uveitis Management

Moderators : Luca Cimino, Bahram Bodaghi

16:00 - 16:10 **Outcomes of Non-Infectious Uveitis in patients from Uveitis registries**
Robert P. Finger

16:10 - 16:20 **Choosing Wisely for Macular edema in Uveitis**
Antoine Brézin

16:20 – 16:30 **Suprachoroidal vs. Intravitreal Delivery—What Wins?**
Steven Yeh

16:30 – 16:40 **Drug induced Uveitis: Not to miss**
Dara Kilmartin

16:40 – 16:50 **Vitamin D as supplement in Non-infectious Uveitis**
Alejandra de-la-Torre

16:50 - 17:00 **Targeting Inflammasomes and Pyroptosis: Future perspectives**
Wei-Chi

17:00 - 17:10 **Caught between Fire and Pressure: Managing Uveitis and Glaucoma**
Marc D de Smet

17:10 - 17:20 **Management of Paediatric Uveitis - update from trials.**
AV Ramanan

17:20 – 17:50 **Panel Discussion : Incorporating newer therapeutics in practice**

Moderator : Jennifer E. Thorne

Panelists : Uwe Pleyer, Stephan Thureau, Nicole Stübiger, Soon Phaik Chee,
Oren Tomkins-Netzer, Piergiorgio Neri

17.50 - 18.00 **EMERGE : Emerging Mentorship to Enhance Research Growth & Excellence**
Update to Members by
Sanna Leinonen & Oren Tomkins Netzer

Symposium C : Not the Usual Stuff – Uveitis Curveballs to Watch Out For

Moderators : Cristina Muccioli, Radgonde Amer

08:00 - 08:10 Immune Check! When Cancer Therapies Trigger Uveitis
Meghan Berkenstock

08:10 - 08:20 A Shot in the Eye: Uveitis After Intravitreal Injections
Justus G. Garweg

08:20 - 08:30 Inherited Retinal Diseases mimicking Uveitis
Sofia Androudi

08:30 - 08:40 When Treatment Bites Back: Can Biologics Induce Uveitis?
Christoph Deuter

08:40 - 08:50

08:50 - 09:00 Non-paraneoplastic Autoimmune Retinopathies
Bahram Bodaghi

09:00 - 09:10 AZOOR: update on current developments
Anita Agarwal

09:10 - 09:20 Acute Outer Retinopathy & Acute Annular outer Retinopathy
Elisabetta Miserocchi

09:20 – 9:45 **Panel Discussion : Not the Usual Stuff**

Moderator : Steven Yeh

Panelists : Emilio Dodds, Kalpana Babu Murthy, Carsten Heinz, Thuy Doan,
Toshikatsu Kaburaki

9:45 - 10:15 **REFRESHMENT BREAK + POSTERS**

HAPPENING TODAY | Gala Dinner | Venue: Bebenhausen Monastery and Palace,
Address: Im Schloss, 72074 Tübingen-Bebenhausen | **Departure from Tübingen city center: 7:00 PM**
“Reservation Required”

SESSION 6

10:15 - 11:30

IUSG Award Session

Moderators : Ilknur Tugal Tutkun, Marc de Smet, Massimo Accorinti, Sapna Gangaputra, Vishali Gupta

10:15 – 10:20 **Lifetime Distinguished service IUSG Award (Felicitation)**

K. Matti Saari

10:20 – 10:25 **Award for Distinguished service to IUSG (Felicitation)**

Philip I. Murray

10:25 - 10:30 **IUSG Trailblazer Award for MUV (Felicitation)**

Janet L. Davis

10:30 - 10:55 **C. Stephen Foster Inaugural Award & lecture : Douglas A Jabs**

10:30 - 10:35 **Introduction of C. Stephen Foster Awardee: Quan Dong Nguyen**

10:35 - 10:40 **Felicitation**

10:40 - 10:55 **Immunosuppression for Uveitides: an evidence-based approach**

Douglas A. Jabs

10:55 - 11:20 **K.M. Saari IUSG Gold Medal: Vishali Gupta**

10:55 - 11:00 **Introduction of Awardee : Marc D. de Smet**

11:00 - 11:05 **Felicitation**

11:05 - 11:20 **K.M. Saari IUSG Gold Medal Lecture: Global Diseases, Global Voices, Global Solutions.**

Vishali Gupta

11:20 – 11:30 **Release of Book by IUSG : "CASE STUDIES IN UVEITIS: REAL CASES & PRACTICAL INSIGHTS"**

Editors : Alejandra de-la-Torre, Germán Mejía-Salgado, John H. Kempen, Reema Bansal, Meghan Berkenstock & Vishali Gupta

SESSION 7

11:30 - 12:30

IUSG Plenary Session 2 : Multimodal Imaging in Uveitis (MUV): What we learnt

Moderators : Janet L Davis, Douglas A Jabs

11.30 – 11:40 **Systematic Review for White Dots: What literature taught us**

Janet L Davis

11:40 – 11:50 **Deconstructing White Dot Syndromes**

Alessandro Invernizzi

11:50 – 12:00 **Endpoints in Imaging for Posterior Uveitis**

Aniruddha Agarwal

12:00 – 12:30 **Panel Discussion: Imaging with a purpose**

SESSION 7

11:30 - 12:30

11:50 – 12:30 **Panel Discussion: Imaging with a purpose**

Moderator : Sapna Gangaputra

Panelists : Reema Bansal, Peizeng Yang, Jessica Shantha, Edmund Tsui, Ines Leal, Mudit Tyagi, Timothy Janetos, Alessandro Invernizzi

12:30 – 13:15 **Platinum sponsor symposium: Roche**

13:15 - 14:15 **LUNCH BREAK**

SESSION 8

14:15 - 15:45

Symposium D : Paediatric Uveitis Unplugged: Genes, Journeys & Juvenile Challenges

Moderators : Sibel Kadayifcilar, Ilknur Tugal-Tutkun

14:15 - 14:25 **Juvenile Idiopathic Arthritis–Associated Uveitis: Current Landscape and Future Frontiers**

Arnd Heiligenhaus

14:25 - 14:35 **TINU Syndrome and other rare Paediatric entities**

Deshka Doycheva

14:35 - 14:45 **Blau Syndrome, Childhood Sarcoidosis Uncovered: Pearls for Paediatric Practice**

Justine R. Smith

14:45 - 14:55 **Paediatric Behçet's Disease: My Way Through the Maze**

Ilknur Tugal-Tutkun

14:55 - 15:05 **Paediatric Glaucoma with Inflammation**

Massimo Accorinti

15:05 - 15:15 **Managing Cataract in children: A challenge**

Parthopratim Dutta Majumder

15:15 - 15:45 **Panel Discussion : The Most Challenging Part of Uveitis: Paediatric Uveitis**

Moderator : Annabelle A. Okada

Panelists : James T. Rosenbaum, Mamta Agarwal, Stephan Thurau, François Willermain, Timothy Janetos, Joke de Boer, A.V.Ramanan

15:45 – 16:15 **REFRESHMENT BREAK + POSTERS**

Debates 1: Hot Topics**Moderators** : Ester Carreño

- 16:15 – 16:20 **Debate 1. ACTH for Uveitis and Ocular Inflammatory Diseases: Is there a role** :Yes
Quan Dong Nguyen
- 16:20 - 16:25 **Debate 1. ACTH for Uveitis and Ocular Inflammatory Diseases: Is there a role** :No
Anita Agarwal
- 16:25 - 16:30 **Voting & Conclusion**
-
- 16:30 - 16:35 **Debate 2. AI in decision making; can I trust?** Yes
Aniruddha Agarwal
- 16:35 - 16:40 **Debate 2. AI in decision making; can I trust?** No
Edmund Tsui
- 16:40 - 16:45 **Voting & Conclusion**
-
- 16:45 - 16:50 **Debate 3. Treating to Target in Uveitis: Innovation or Passing Trend?**
Innovation
Justine R. Smith
- 16:50 - 16:55 **Debate 3. Treating to Target in Uveitis: Innovation or Passing Trend?**
Passing Trend
Jennifer E. Thorne
- 16:55 - 17:00 **Voting & Conclusion**
-
- 17:00 - 17:05 **Debate 4. Systemic therapy with Biologics: First Line or Last Resort for JIA? First Line**
Douglas A. Jabs
- 17:05 - 17:10 **Debate 4. Systemic therapy with Biologics: First Line or Last Resort for JIA? Last Resort**
John H. Kempen
- 17:10 – 17:15 **Voting & Conclusion**
-
- 17:15 – 17:20 **Debate 5. Treating Toxoplasmosis: Local Versus Systemic: Local only**
Daniel Vasconcelos-Santos
- 17:20 - 17:25 **Debate 5. Treating Toxoplasmosis: Local Versus Systemic: Systemic therapy**
Ariel Schlaen
- 17:25 - 17:30 **Voting & Conclusion**
-
- 17:30 - 17:35 **Debate 6. Intraocular Lymphoma with no CNS involvement: Systemic treatment must be given: Yes**
Luca Cimino
- 17:35 - 17:40 **Debate 6. Intraocular Lymphoma with no CNS involvement: Systemic treatment must be given: Not always**
Hiroshi Takase
- 17:40 - 17:45 **Voting & Conclusion**
-
- 17:45 - 17:50 **PCR versus NGS: Is NGS ready for prime time? Yes**
Thuy Doan
- 17:50 - 17:55 **PCR versus NGS: Is NGS ready for prime time? No**
Jolanda D.F. de Groot-Mijnes
- 17:55 - 18:00 **Voting & Conclusion**

**Case Conference: The puzzles we face: Stories of complexity and clarity
(3 min case + 3 min Discussion)**

Moderators : Aniruddha Agarwal, Quan Dong Nguyen

Panelists : Anita Agarwal, Bahram Bodaghi, Nicholas Jones, F. Nilüfer Yalçındağ

08:00 – 08:06 **Unusual Presentation of Ocular Tuberculosis with Subretinal Abscess and optic disc edema**

Alok Sen

08:07 – 08:13 **Ocult bilateral posterior scleritis as an initial ocular manifestation of Crohn's disease**

Saba Ishrat

08:14 – 08:20 **When Herpes Prefers the Macula: A Shared Angular Juxtafoveal OCT Phenotype in Two Atypical Presentations of Herpetic Retinitis**

Laura Distefano Dominguez

08:21 – 08:27 **Tubercular Retinitis: Clinical presentation and Multimodal Imaging features**

Atul Arora

08:28 – 08:34 **Pigmented Paravenous Chorioretinal Atrophy Developing After Acute Bilateral Inflammatory Exudative Retinal Detachment**

Theejuti Suanoi

08:35 – 08:41 **VKH misdiagnosed as angle closure**

Navya Cherukuri

08:42 - 08:48 **Beyond Behçet's Disease: Granulomatous Uveitis as a Clinical Clue for Suspected A20 Haploinsufficiency**

Nilufer Zorlutuna Kaymak

08:49 – 08:55 **Intravitreal management of ocular lymphoma should use adjusted drug concentrations not fixed dosages**

Maria Carmela Saturno

09:00 - 09:15 **Gold sponsor Mini symposium: Optos Ultra wide field imaging in uveitis**

Quan Dong Nguyen, MD

9:15 – 9:45 REFRESHMENT BREAK + POSTERS

HAPPENING TODAY | Group Excursion

Venue: Hohenzollern Castle, Address: 72379 Burg Hohenzollern

Departure from Tübingen city center: 3:30 pm.

"Reservation Required"

Rapid Fire Session (3 min presentation; 2 min Discussion)

Moderators : Philip I. Murray, Eric L. Crowell

- 09:45 - 09:50 **Genetic and functional characterization of glycoprotein B in cytomegalovirus-associated ocular diseases**
Nobuyo Yawata
- 09:51 - 09:56 **Do Etiologies Diverge in Neuroretinitis? OCT Outcomes Over One Year and Baseline CBC**
Berru Yargı Özkoçak
- 09:57 – 10:02 **Performance of Artificial Intelligence–Derived Choroidal Thickness and Vascularity Index in Vogt–Koyanagi–Harada Disease: a longitudinal analysis**
Joana Pargana
- 10:02 – 10:07 **Predictive modelling differentiating tubercular from non-tubercular retinal vasculitis**
Anushka Agarwalla
- 10:08 – 10:13 **Epidemiology of Uveitis in Taiwan: A 19-Year Multicenter Study**
Po-Yi Wu
- 10:14 – 10:19 **Automated Machine Learning–Based Predictive Model for Diagnostic Vitrectomy in Uveitis**
Shristi Sinha
- 10:20 – 10:25 **Generating a murine model for CMV Anterior Uveitis**
Yunhua Loo
- 10:26 – 10:31 **Detection of ganciclovir-resistant CMV mutation in Cytomegalovirus related ocular disease**
Kayo Suzuki
- 10:32 – 10:37 **Targeting Ocular Toxoplasmosis: Focus on retinal microglial IL-1 alpha**
Caio Figueiredo
- 10:38 – 10:43 **Sterile Uveitis After Intravitreal Aflibercept 8-mg: A Real-World Study in nAMD and DME**
Leonard Coulibaly
- 10:44 – 10:49 **The Evolving Landscape of Novel Oncology Therapeutics: A Multidisciplinary UK Position Statement on Managing Ocular Inflammatory Toxicities**
Nima Ghadiri
- 10:50 -10:55 **Preserflo MicroShunt implantation in refractory uveitic glaucoma**
Charlotte Evers

HAPPENING TODAY | Group Excursion

Venue: Hohenzollern Castle, Address: 72379 Burg Hohenzollern

Departure from Tübingen city center: 3:30 pm.

“Reservation Required”

Debates 2: Hot Topics

Moderators : Massimo Accorinti, Aniruddha Agarwal

- 11:00 - 11:05 **Debate 1. Do all Retinal Vasculitis Patients need Systemic Work up? Yes**
Jessica Shantha
- 11:05 - 11:10 **Debate 1. Do all Retinal Vasculitis Patients need Systemic Work up? No**
James T. Rosenbaum
- 11:10 - 11:15 **Voting and Conclusions**
-
- 11:15 - 11:20 **Debate 2. Should all Uveitis patients be screened for Monogenic Autoinflammatory Syndromes? Yes**
Claudia Fabiani
- 11:20 - 11:25 **Debate 2. Should all Uveitis patients be screened for Monogenic Autoinflammatory Syndromes? No**
Soumyava Basu
- 11:25 – 11:30 **Voting and Conclusions**
-
- 11:30 – 11:35 **Debate 3. Are JAK inhibitors the future of Non-infectious Uveitis management? Yes**
De-Kuang Hwang
- 11:35 – 11:40 **Debate 3. Are JAK inhibitors the future of Non-infectious Uveitis management? No**
Jarmila Heissigerova
- 11:40 – 11:45 **Voting and Conclusions**
-
- 11:45 – 11:50 **Debate 4. Should We Classify Uveitis Primarily by Etiology or by Immunopathogenic Pathways? Etiology**
Stephan Thurau
- 11:50 – 11:55 **Debate 4. Should We Classify Uveitis Primarily by Etiology or by Immunopathogenic Pathways? Immunopathogenesis**
Gerhild Wildner
- 11:55 - 12:00 **Voting and Conclusions**
-
- 12:00 – 12:45 **Platinum sponsor symposium: Alimera To Infinity... and Beyond: Advanced ILUVIEN Case Experience in NIU-PS**
Prof. Marc de Smet, Prof. Carsten Heinz, Prof. Elisabetta Miserocchi,
Prof. Sarah Touhami, Prof. Christoph Deuter

12:45 - 13:30 LUNCH

HAPPENING TODAY | Group Excursion

Venue: Hohenzollern Castle, Address: 72379 Burg Hohenzollern

Departure from Tübingen city center: 3:30 pm.

"Reservation Required"

Symposium E : Diagnostic Dilemmas and Therapeutic Tensions in Infectious Uveitis

Moderators : Bianka Sobolewska, Sudharshan Sridharan

13:30 - 13:40 **Unusual and Atypical Ocular infections**

Derrick P Smit

13:40 - 13:50 **Viral Anterior Uveitis: Evolving Insights and Management Updates**

Soon Phaik Chee

13:50 - 14:00 **When Cure Turns Culprit: Paradoxical Reactions in Infectious Uveitis**

Manisha Agarwal

14:00 - 14:10 **CME in Infectious Uveitis: A Persistent Clinical Puzzle**

Marc D. de Smet

14:10 - 14:20 **RNA Virus: has incidence increased following COVID?**

Moncef Khairallah

14:20 - 14:30 **Post Fever Retinitis: What is new?**

Padmamalini Mahendradas

14:30 - 14:40 **Defining Success: Endpoints for Anti-Infective Therapy for Uveitis**

André Curi

14:40 - 14:50 **Improved PCR techniques for detection of infective organisms**

Koh-Hei Sonoda

14:50 - 15:15 **Panel Discussion : Managing the challenges of Infectious Uveitis**

Moderator : Lyndell L. Lim

Panelists : Ariel Schlaen, John H. Kempen, Robert P. Finger, Justus G. Garweg

Valedictory and Vote of Thanks: Christoph Deuter, Deshka Doycheva

Group Excursion

Venue: Hohenzollern Castle, Address: 72379 Burg Hohenzollern

Departure from Tübingen city center: 3:30 pm.
